

PATENT
257/267REMARKS

No additional search or examination is necessary, as the corrections add no new matter, nor do they in any way change the claims that have been allowed. Figure 8 has been inserted, which is required by Notice of Allowance, and supported by original claims 10 and 22. The specification has been amended by inserting brief and detailed descriptions of new figure 8.

Applicant respectfully requests the Examiner enter this Amendment After Allowance, as requested by Examiner. Should the Examiner have any questions regarding entry of this amendment, he is asked to call the undersigned at the number listed below.

Respectfully submitted,
